Professional Summary

Computer Science undergraduate with strong proficiency in Java, Python, SQL, and Full Stack Development, along with hands-on experience in Data Analytics. Skilled in building scalable web applications and real-time systems using Node.js and MongoDB, and in creating interactive dashboards using Power BI and SQL. NPTEL-certified, with solid knowledge of OOP, DBMS, REST APIs, and data-driven decision making.

Technical Skills

Languages: C, Java, SQL, Python, JavaScript, HTML, CSS
Data Analytics & Visualization: Power BI, Tableau, Excel, DAX
Tools: GitHub, VS Code
Concepts: Object-Oriented Programming (OOP), Data Structures, DBMS, Operating Systems, Computer Networks,Data Mining.

Experience

Power BI Virtual Intern || YuvaIntern &NSDC *Sept– Oct2025*

- Analyzed structured datasets using SQL and Excel to extract meaningful insights.
- Designed interactive dashboards and reports using Power BI for data visualization.
- Applied data cleaning, transformation, and DAX functions to improve reporting accuracy.
- Gained hands-on experience in data-driven decision making and business analytics.

Web Full Stack Developer -Virtual Intern || AICTE-EduSkills *Oct–Dec2024*

- Developed responsive web pages using HTML, CSS, and JavaScript.
- Worked on front-end and back-end integration concepts.
- Implemented basic full stack application features under guided tasks.
- Gained practical exposure to web development workflows.

Education

B.Tech in CSE, Sagi Rama Krishnam Raju Engineering College, AP *Oct 2023 – Jun 2027*

- CGPA: 8.83 / 10

Higher Secondary Education, Gayatri Junior College, AP *Jun 2021 – Mar 2023*

- GPA: 9.76 / 10

Projects

Superstore Sales Analytics Dashboard

- Analyzed superstore sales data using SQL and Excel to identify trends and patterns.
- Created interactive dashboards in Power BI to visualize sales performance and profitability.
- Enabled data-driven insights through filtering, KPIs, and visual reports.
- **Technologies**: Power BI, SQL, Excel

TheAurCure

- Built a full stack Ayurvedic wellness platform with secure user login and a Dosha Quiz to analyze user's physical and mental personality.
- Delivered personalized diet plans, yoga postures, and remedies based on quiz results for health improvement.
- Integrated doctor consultation via video call and an Ayurvedic medicine store for complete wellness support.
- **Technologies**: HTML, CSS, JavaScript, Node.js, MongoDB.

Certifications

- Programming in Java -NPTEL
- SQL(intermediate) -HackerRank
- Programming in C – Cisco Networking Academy

Leadership and Achievements

- Led a team in Hackathon 2K25, securing a Top 5 position among participating teams through effective leadership and solution presentation.
- Served as an NSS Team Lead during the General Elections 2024 in Bhimavaram, contributing to election support activities and assisting in public service operations to ensure smooth conduct of the electoral process.
